

# Welsh Springer Spaniel Club of South Wales

## GUNDOG TRAINING DAY

at Rickneys Training Ground, Hertfordshire  
Saturday 16th April 2022

### AN INTRODUCTORY SESSION FOR ALL GUNDOGS and MINOR BREEDS

It's been a while since the WSSCSW has hosted a training day for younger dogs to get experience for working in the field – the activity for which Welsh Springers were originally bred.

Many owners with new puppies have joined the club over the past couple of years, so due to popular demand the club's new Working Secretary, Jane Sutherland, has organised a day of training at the purpose-built Rickneys Training ground in Hertfordshire (*visit [rickneys.com](http://rickneys.com)*). Search the post-code SG12 0HD on GoogleMaps for directions.

The session is for any age or level – that's for dogs and handlers! Everyone is welcome.

Refreshments will be provided.

**Cost £15 per dog** – Meet at 9:00am for 9:30 start. (*Finishes about 1pm*)

This will be the start of a course of regular training sessions that will cover basic obedience, sit, stay and heel commands and will lead to retrieving, hunting and water work.

Whistles, dummies, etc. will be available but please bring along your own equipment if you can. You should have a slip lead for field work and your dog's favourite lure will be useful.

Although this training is aimed at progressing to Working Assessments and Field Trials it will give you and your dog an ideal grounding for a happy, obedient dog in everyday life.
